Contrary to what you may have heard, the ***“Pandemic Agreement”*** is NOT an attack on national sovereignty. It is NOT designed to take away your dignity, human rights and fundamental freedoms. It would NOT empower the WHO to impose mandates, lockdowns, travel restrictions or override your personal health decisions. The ***“REVISED Draft of the negotiating text of the WHO Pandemic Agreement”*** is also NOT about your health.

Many people have gotten the details of the ***“REVISED Draft of the negotiating text of the WHO Pandemic Agreement”*** mixed up with the proposed amendments to the International Health Regulations. Please investigate the details of the proposed amendments to the International Health Regulations at ***RejectTheAmendments.com***

This proposed international agreement would set up a Framework Convention much like the Framework Convention for Climate Change, which would create an entirely new bureaucracy that would meet on a yearly basis to determine the details of the agreement without any input from you. Unelected, unknown and unaccountable bureaucrats would be empowered to make decisions that would deeply impact the lives of everyone on Earth.

These negotiations are seeking to create a new cartel that could easily be called the Organization of Pandemic Corporations (OPEC). The “relevant stakeholders” involved in these negotiations do not care about YOU. They are negotiating an international trade agreement that is designed to redirect billions of dollars of public and private funds in order to dramatically expand the Pharmaceutical Hospital Emergency Industrial Complex (PHEIC) in low income nations in order to construct the infrastructure that is designed to generate fear in order to sell more drugs and jobs that would poison their own people so that the members of the organized crime syndicate could profit from it.

**The *“Pandemic Treaty”* must be stopped.**
